Dear Hal:

For your information, I am enclosing the following copies of CD-1347 and CD-20, which concern the investigation of JOSEPH ADAMS MILTEER. It would seem that MILTEER was the individual who was taped by the Miami PD, Intel. Div. ("Post-script from Miami). You are probably already aware of these documents, but perhaps you might like to have these copies anyway.

Also included are copies of correspondence relating to CE-705 and CE-1974. If the Department of Public Safety made a thorough search, it would appear the suspects in question were never investigated.

Sincerely,

Simon
